

Declaration of liability 2022

start number:

As a participant of the Mondsee 5-Seen Radmarathon, the Mondsee Handbike-Race or the Baumhaus Kids-Race I take explicitly note of that the Naturfreunde Raiffeisen Mondseeland and all persons, authorities, organizers, sponsors or official partners who are in connection with this event do not take liability on any kind of personal, property or asset damage.

Hereby I expressly and irrevocably declare against the organizer to be responsible for my own safety and therefor agree that I responsible myself with all the dangers, which can occur in operation with this event. Furthermore I am insured by an approved Austrian insurance institution for all the personal and property damages which could happen at such an event. I am also aware of the physically and technically requirements to the route as well as the flawless and efficient functioning of my equipment. I also assure my own adequate physical health and fitness. The organizer recommends a previous consultation of a sports medicine specialist. There is a duty to wear a helmet during the whole race. **It is also expressly obligated to follow the road traffic regulations rigorously! Undisciplined racers get disqualified without exception by any kind of violations against the STVO. Particularly I commit to drive the private Postalmstraße Abtenau (Tour A - descent from Postalm) and the descent from Lichtenberg on half view! I am aware of the dangerous section of the road and have always to expect opposing traffic during the decent. According to this I will adapt my speed and line and not drive on the opposite lane!**

I am aware that there could be roadway damages (cracks in the asphalt, potholes, etc.) and irregularities on all the routes from start to finish. I declare myself to adjust my speed on the road and weather conditions. I obligate myself without any exception to be harmless and not complain on the organizer, the federation or the country if I get involved in an accident because of roadway damages.

For all accidents caused by me and thereby resulted damages of the organizer or third parties I am self-indicated, conditional to any kind of negligence. I release the organizer from all the claims of third parties against the organizer for all the accidents caused by myself. In this context I also bear all the incurred costs.

I am aware that I do not make any kind of criminal or civilly demands against persons, institutions, companies, drivers of the trace-vehicles and motorcycles, which are involved at the event. Undisciplined drivers can be immediately disqualified of the event and excluded of the competition by an organ of the organizer.

I agree with the usage of my data from the registration and also all photos, videos, interviews at the radio and tv, as well as advertising, books and photomechanical productions (films etc.). Therefor I agree with the usage of all my personal data for advertising purposes.

I know that there is a risk that the event gets cancelled or stopped by authorities or the organizer. I do not have any kind of rights to get refund the entry fee, if the event gets stopped or delayed to another date.

It is forbidden to leave the marked route! I am aware that I will immediately contact the organizer, if I get eliminated of the race. Otherwise there will be initiated a search operation at my expense.

The dispose of garbage (gel-tubes, packaging of bars, bottles etc.) is only allowed at the refreshment stations. Every disrespect of this rule will be punished with a disqualification.

I will go exclusively to the starting block, which is assigned to me. A start from an other starting block leads directly to disqualification.

I have taken note of the time limits from the announcement of the cycling marathon. If I pass later than the given time limit, I will be disqualified by the organizer and therefor I have no longer claim of road safety, trace-vehicles or feed zones.

I am aware, that there could be taken anti-doping-controles according to the guidelines of the austrian anti-doping-law.

I have read and recognized all the rules, conditions and regulations and therefor I accept them compulsory.

This declaration of liability have to be signed personally by the participant and submit by the output of the start numbers. If the participant is not able to appear on the start number output he has to issue a power of attorney included of the declaration of liability for the collector. If this declaration of liability gets submitted and is not filled up completely, the participant will not get a right to start at the competition. In this case the entry fee will not be resumed.
